

# Prosthesis Schedule

This 'prosthesis schedule' details the maximum costs that we will pay for any individual prosthesis or other type of implant under all Warehouse Money hospital cover policies (provided and underwritten by nib nz limited). All items listed on this schedule are defined by nib as a prosthesis or other type of implant and are subject to the listed benefit maximums.

**These costs are reviewed each year in relation to:**

- health service delivery;
- market demand; and
- nib's claims experience.

Please note: we will only pay for those prostheses that are covered by your policy wording and acceptance certificate or renewal certificate (whichever is the latest document). If you have any questions about what you are covered for, please call us on **0800 801 810**.

**This schedule is effective from 1 July 2017.**
